

Construction Notice:

CSAH 27 will be reclaimed from LeRay Avenue to Parkway Avenue on Wednesday, August 18th. Please have all cars off the street by 7 a.m.

Reclaiming involves grinding up the existing street pavement and underlying gravel with a large machine. The gravel material left in place will be rolled and compacted shortly after the grinding operation. Until the surface is compacted, it may be impassable by most vehicles, so plan accordingly. After compaction, the gravel surface may be driven on by residents to access their properties, but the road will be closed to through traffic.

Please know that the reclaiming machine tends to be quite noisy. We apologize for any inconvenience this may cause you. If you have any questions or concerns during construction, please call **Joe Smith** at (507) 676-3751.

Thank you for your continual patience and cooperation throughout the process of improving your street and utilities!

Construction Notice:

Due to watermain work on Agency Street, **your water will temporarily be shut off to your home on Thursday, August 19th. The shutdown will tentatively occur between 8 a.m. and 12 p.m.** Please plan accordingly. Water will be turned back on after the contractor finishes the watermain work within the intersection.

The time and day of the water shutdown is subject to change due to weather or contractor scheduling changes. Residents will receive further notice if such changes occur.

If you have any questions or concerns during construction, please call **Joe Smith** at (507) 676-3751.

Thank you for your continual patience and cooperation throughout the process of improving your street and utilities!
