

DISCONTINUATION OF ROUTE 20

November 29, 2019 will be last day of service for Route 20. We will be offering bus service to the Eagle Lake area using the Kato Flex. Kato Flex is a Dial-a-Ride bus service. The Flex service will start on December 2, 2019 for the Eagle Lake area. Some of the difference are listed below;

1. Service hours, 6:00am to 6:00pm Monday thru Friday.
2. Curb to curb service. The Flex bus will pick you up at your address and drop you off anywhere within our service area. You have the option to move throughout the service area on the fixed routes. The Flex bus will pick you up at any point in the service area to take you back home.
3. This service currently a pilot program with no fare. The pilot program will end early 2020 with a planned \$2.00 one way fare. An option to buy a monthly pass for \$50.00 will be available. The Flex bus fare will give you free transfer to the fixed routes.
4. Call the day before to book your rides to guarantee a spot.
5. Passengers must call to pre-register for this service.
6. Passengers must live within a Flex Zone to qualify for this service.

On December 2nd passengers living in Mankato will need to use Route 6, 13, or 3 instead of Route 20.

We feel this change in service will add an enhancement to the Eagle Lake area.

Call 507-625-7433 to register and for any other questions.

Craig Rempp

Superintendent of Transit
